## FREE ESSENTIAL SKILLS COURSES IN ENGLISH, MATHS & ICT

Throughout our years at school, there are always subjects that seem to carry more importance than others, and no matter what path of study we intend to go down, or what our ambitions are in life, Maths and English are always highlighted as a necessity. As we move on, they never lose their value as 'essential skills'.

Now, computer skills are just as prevalent. They hold the power to enhance and amplify our qualifications or leave a gaping hole in our CV. Outside of education and the working world, they are just as important. Computers are part of everything we do.

Do you want to improve your reading, writing, maths or ICT skills, or know someone who needs help with these essential skills? If you are over the age of 16 an Essential Skills course may help you to get on at home, work or in life.

Classes run on a variety of days/ evenings and times.

## STUDY MANDARIN CHINESE

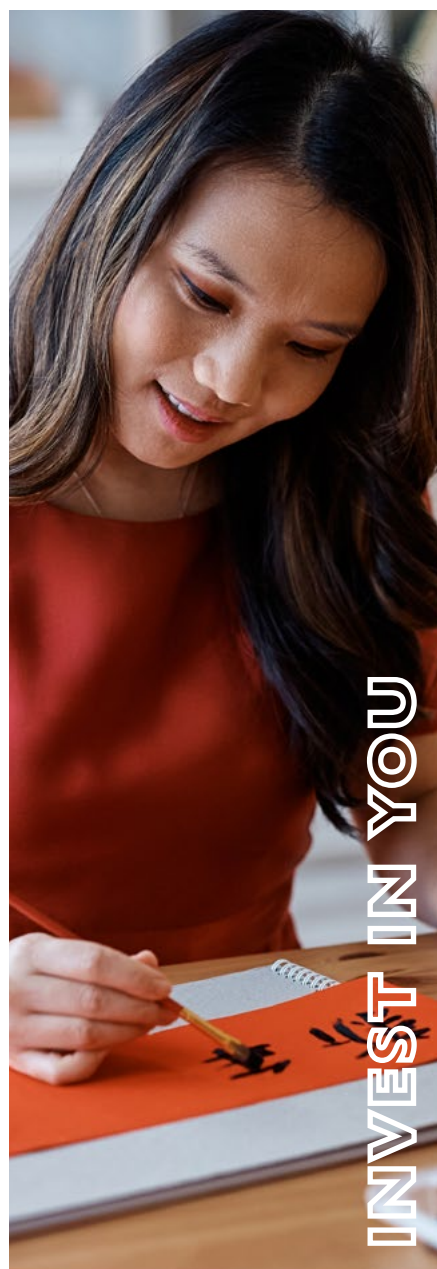

South West College is the only Further Education College in Northern Ireland that has Confucius Hub status. Mandarin Chinese is one of the most popular languages to learn today and indeed is the most spoken language in the world. Mandarin Chinese language and culture classes are available both on and off-site, delivered by our enthusiastic and dedicated Mandarin Chinese tutors who are assigned to teach Mandarin Chinese at South West College and our partner schools.

SWC Confucius Hub has been successfully delivering Mandarin Chinese classes since 2013 with enrolments exceeding 26,000, notable successes and awards include the “Highly Commended” Beacon Award by the Association of Colleges.

SWC also offers the Business Chinese Test (BCT), an online Mandarin Chinese course, which has been designed to develop basic communication skills for collaboration with Chinese businesses. The BCT course is accredited by Hanban, China and is delivered online, with tutorial support from South West College Confucius Hub Mandarin Chinese tutors.

All SWC students have the opportunity to learn Mandarin Chinese, which not only looks good on CVs but in today's competitive and increasingly global marketplace, is an indispensable aptitude to have.

### STUDENT SPOTLIGHT

Past student Grace Mallon spotted a gap in the market for out-of-school childcare provision in her local area and has recently taken the leap to start her own business.

Grace completed the Level 5 Diploma in Leadership for Children's Care, Learning and Development. Having excelled through her Diploma, Grace was right on track to provide fresh, new childcare facilities locally.
