PAYMENT AND FEES

Fees are payable at the point of enrolment for all part-time courses. The full fee quoted includes tuition, registration and exam fee (if applicable). Some courses may have an additional fee (for example, for materials, uniforms and other items.) Information on such fees can be found in the "Additional Information" section of the SWC website. You may be able to access a range of financial support in the form of a grant or loan, or you may be eligible for a concessionary fee and/or payment in instalments.

Payment plan/Direct debit instalments

We offer a range of payment options to help spread the cost of courses. Courses over £200 can be paid in instalments. This option requires a deposit of 25% of your annual course fee, plus completion of a direct debit mandate form which enables the balance to be paid in three instalments throughout the academic year. To avail of this, students must enrol on a course on or before 3rd October 2023. You should bring credit/debit card details so that deposit can be taken at the time of enrolment. Further details will follow for courses beginning in January 2024.

Instalments must be set up via Direct Debit. Payments will be debited on or around the 5th of each month, commencing the month after enrolment.

Concessions

A reduction of fees, up to a maximum of 50% may be offered to students participating in vocational courses who meet residency requirements and are in receipt of a means-tested benefit: -

- Universal Credit
- Full-Time Students
- Pension Credit

Please note that concession rates are applied to the tuition fee only, not the full fee.

Students aged 18 years or over and experiencing financial hardship may apply to the Hardship Fund for financial assistance. Assistance from the hardship fund is means tested and can only be provided once all other sources of funding have been exhausted. Forms will be available from mid-September 2023. If you would like to find out more about the financial help available please contact our Finance Team who will be happy to help you at any stage of your application. If you experience difficulty paying your fees at any stage please contact us and we can help.

FREE ESSENTIAL SKILLS COURSES IN ENGLISH, MATHS & ICT

Throughout our years at school, there are always subjects that seem to carry more importance than others, and no matter what path of study we intend to go down, or what our ambitions are in life, Maths and English are always highlighted as a necessity. As we move on, they never lose their value as 'essential skills'.

Now, computer skills are just as prevalent. They hold the power to enhance and amplify our qualifications or leave a gaping hole in our CV. Outside of education and the working world, they are just as important. Computers are part of everything we do.

Do you want to improve your reading, writing, maths or ICT skills, or know someone who needs help with these essential skills? If you are over the age of 16 an Essential Skills course may help you to get on at home, work or in life.

Classes run on a variety of days/ evenings and times.
