## **SAFEGUARDING, CARE & WELFARE POLICY FRAMEWORK**

The Framework from which this Policy is derived has been developed by the Further Education (FE) Colleges Safeguarding Working Group established in April 2019. The framework contains the minimum standard of information for any Safeguarding Policy in a FE College in Northern Ireland.

The FE Colleges Safeguarding Working Group has agreed that the Framework may be added to by a College but content cannot be withdrawn otherwise the organisation may fail to meet its legal and moral duty, put learners / participants at risk and may be vulnerable to potential legal challenge and / or reputational damage.

The FE Colleges Safeguarding Working Group is committed, at the very least, to an annual review of the framework and revision if required at regional and College level dependent on current legislation and organisation structures.

Membership of the FE Colleges Safeguarding Working Group is listed in Appendix 5.

## SAFEGUARDING, CARE & WELFARE POLICY

### 1. Purpose

South West College (hereafter referred to as the College) aims to ensure that all students, staff and stakeholders of the College experience an inclusive, enjoyable and safe environment, in which they feel respected and valued. We all share an objective to keep children, young people, adults at risk and adults in need of protection, safe from harm. This College Safeguarding, Care & Welfare Policy is built upon a foundation of 'zero tolerance' of harm to all children, young people, adults at risk of harm and adults in need of protection and is aligned to the Northern Ireland Adult Safeguarding Partnership (NIASP) statement "Safeguarding is everyone's business".

The purpose of this Policy is to:

- Promote the welfare of children, young people, adults at risk of harm and adults in need of protection to protect them from harm;
- Encourage good practice in all aspects of promotion and protection of children, young people, adults at risk of harm and adults in need of protection;
- Raise awareness of the safeguarding, care and welfare issues that may or have the potential to impact upon children, young people and adults at risk of harm and adults in need of protection;
- Prevent and reduce the risk and potential risk of harm to children, young people, adults at risk of harm and adults in need of protection, whilst providing an inclusive non-stigmatised learning environment for all;
- Empower children, young people, adults at risk of harm and adults in need of protection to make informed decisions about their education, life experiences and wellbeing which will allow them to live life free from coercion and have freedom of expression;
- Provide and implement clear, accessible and consistent guidance in relation to the procedures for reporting concerns;
- Advocate for children, young people, adults at risk of harm and adults in need of protection in their right to fair justice as a result of abuse, exploitation or neglect;
- Encourage and promote continuous professional development in the approach to safeguarding, care and welfare practices.

## **2. Context**

The College will carry out its responsibilities under all relevant legislation, regulations and professional guidelines, which are listed in Appendices 1, 2 & 3.

## **3. Scope**

This policy applies to all staff, students, the Governing Body, volunteers and third parties and should be read in conjunction with relevant standard operating procedures and any other relevant organisation procedures.

## **4. General Principles**

The Policy is based on the following principles:

- The College seeks to provide and promote a safe learning environment for all users;
- The College is committed to the challenging and reporting of harmful behaviour and, recognising that anyone can be the subject of abuse, will seek to develop a culture of healthy and respectful relationships wherein all allegations of abuse will be taken seriously and treated in accordance with the College's procedures;
- The College will use best practice in its safe recruitment of staff by undertaking the appropriate checks;
- The College must follow risk assessment procedures, before enrolling any person who has a conviction for the abuse of a child, young person, an adult at risk of harm or an adult in need of protection;
- The College will comply with regional policies and procedures in full partnership with other local agencies including the Health and Social Care Trust Gateway Team and Police Service of Northern Ireland (PSNI);
- The College staff will listen to, record and report all concerns, disclosures and allegations of abuse in accordance with current procedures in an empathetic, prompt and secure manner;
- The College will not investigate instances of abuse as this is the role of other statutory agencies e.g. social services, PSNI;

- The College is obligated to supporting, resourcing and training, in line with current legislation, those who work with, or come in contact with children, young people, adults at risk of harm and adults in need of protection and to provide appropriate supervision for them;
- The College is committed to developing knowledge and understanding of Trauma-Informed Practice and the impact of Adverse Childhood Experiences (ACEs)<sup>1</sup> to help staff better understand those in their care. This commitment aims to enhance and work alongside existing safeguarding protections, policies and measures for children, young people, adults at risk of harm or adults in need of protection.

## 5. Key definitions

- a) The definition of a 'child' is any person that is under the age of 18, as defined in the Children (NI) Order 1995, the principal statute governing care, upbringing and protection of children in Northern Ireland.
- b) The definition of an 'adult at risk of harm' is a person aged 18 years and over, whose exposure to harm through abuse, exploitation or neglect may be increased by their personal characteristics and/or life circumstances;
  - Personal characteristics may include but are not limited to: age, disability, special educational needs, illness, mental or physical frailty or impairment of, or disturbance in, the functioning of the mind or brain;
  - Life circumstances may include but are not limited to isolation, socio economic factors and environmental living conditions.
- c) The definition of an 'adult in need of protection' is a person aged 18 years and over, who may be at a greater risk of exposure to harm through abuse, exploitation or neglect may be increased by their:
  - personal characteristics and / or;
  - life circumstances; and
  - who is unable to protect their own well-being, rights, or other interests; and

- where the action or inaction of another person or persons is causing, or is likely to cause him / her to be harmed.

The College's safeguarding, care and welfare service understand that in order for our students, as defined above, who are an 'adult in need of protection' either (a) or (b) must be present, in addition to both elements (c) and (d).

The consideration of mental capacity is crucial at all stages of safeguarding adult's procedures as it provides a framework for decision making to balance independence and protection.

#### **Types of Child Abuse (NSPCC, 2020) (ref Appendix 4)**

The College recognises that harm from abuse is not always straightforward to identify and a child may all too often experience more than one type of harm or significant harm. Harm can be caused by:

- Emotional abuse
- Sexual abuse
- Physical abuse
- Neglect
- Exploitation
- Harmful Sexual Behavior
- Domestic Abuse
- Bullying & Cyber Bullying

#### **Types of Adult Abuse (DHSSPS, 2015) (ref Appendix 4)**

- Physical abuse
- Sexual abuse
- Psychological / emotional abuse
- Financial abuse
- Institutional abuse
- Neglect
- Exploitation

## **6. Promoting Digital Safety**

Digital Safety is becoming an increasingly significant issue to consider when it comes to safeguarding children, young people, adults at risk and adults in need of protection.

All staff, students, the Governing Body, volunteers and third parties who wish to use the College's IT systems are required to agree to the College's Acceptable Use Policy and comply with any other relevant digital policies as directed.

The relevant policies are available for all users to access on *South west College*

Staff, students, the Governing Body and volunteers are directed to this Safeguarding, Care and Welfare Policy and procedures during induction and via active promotion of "keeping safe" messages through other activities e.g. internet usage and social networking.

## **7. Responsibility**

- a) Governance of safeguarding, care and welfare in the College is overseen by the Chair of the Governing Body.

The Chief Executive along with the Adult Safeguarding Champion has strategic safeguarding, care and welfare responsibility in the College.

The Lead Designated Safeguarding Officer reports regularly to the Adult Safeguarding Champion, Chief Executive and the Board of Governors.

The designated Safeguarding Team, comprised of the Safeguarding Lead, Deputy Safeguarding Lead and an Adult Safeguarding Champion oversee and co-ordinate operational College safeguarding matters.

To further support safeguarding, care and welfare, the College also has a number of nominated Safeguarding Assistants across College sites who support and advise staff to ensure a link with the Designated Safeguarding Lead and / or the Deputy Designated Safeguarding Lead who can then manage the child, young person, adult at risk of harm or adult in need of protection.

Posters are displayed throughout the College to identify those whom staff, students, volunteers and any third party can engage with on safeguarding, care and welfare matters.

The names of the individuals employed by the College in safeguarding roles are listed in Appendix 6 However it is the responsibility of all staff working in the College to report abuse and incidents of concern in line with this Safeguarding, Care and Welfare Policy and procedures. This responsibility extends to all staff, not just those specifically working with children, young people, adults at risk of harm and adults in need of protection.

Report of concern(s) should be made a member of the Safeguarding Team in line with this Safeguarding, Care and Welfare Policy and procedures (Ref Section 10 and Appendix 6 & 7).

All employees and volunteers of the College are required to abide by the staff Employee Standards Policy which articulates the College values and sets clear expectations of behaviour for all staff.

b) The Role of the Designated Safeguarding Lead and / or Deputy Designated Safeguarding Lead is to:

- Liaise with relevant College management and staff regarding this Safeguarding, Care and Welfare Policy, procedures and any reported incidents of concern and report to College management and Governing Body as required;
- Liaise with the local Gateway Team regarding safeguarding, care and welfare procedures and any reported incidents of concern;
- Liaise with and understand the roles and responsibilities of all the appropriate investigating agencies;
- Assist with the review of this Policy and related procedures annually;
- Maintain routine record keeping required (which will also identify patterns and enable early intervention) and the security thereof in relation to safeguarding, care and welfare matters;
- Ensure that the Safeguarding, Care and Welfare Policy and procedures are implemented at all College events that may involve children, young people, adults at risk of harm or adults in need of protection;

- Support children and young people from care backgrounds and who are on the Child Protection Register by attending case conferences, Looked-after children (LAC) reviews and working in partnership with social services;
- Support all Safeguarding Assistants and;
- Ensure all students are aware of the Safeguarding, Care and Welfare Policy during induction.

c) The Role of the Adult Safeguarding Champion (ASC) is to:

- Provide strategic and operational leadership and oversight in relation to Adult Safeguarding;
- Manage the Designated Safeguarding Lead, Deputy Designated Safeguarding Lead and Safeguarding Assistants;
- Ensure full implementation of the College Safeguarding, Care and Welfare Policy and procedures;
- Oversee the security of record keeping in relation to safeguarding, care and welfare matters;
- Compile and analyse records of reported concerns to determine whether a number of low-level concerns are accumulating to become significant, and make records available for inspection;
- Review the Safeguarding, Care and Welfare Policy and related procedures annually;
- Provide information and support for staff on adult safeguarding within the organisation;
- Advise within the organisation regarding adult safeguarding training needs in line with current legislation;
- Provide advice to staff or volunteers who have concerns about the signs of harm, and ensure a report is made to Health and Social Care (HSC) Trusts where there is a safeguarding concern;
- Support staff to ensure that any actions take account of what the adult wishes to achieve – this should not prevent information about any risk of serious harm being passed to the relevant HSC Trust Adult Protection Gateway Service for assessment and decision making; and
- Establish contact with the HSC Trust Designated Adult Protection Officer (DAPO), PSNI and other agencies as appropriate.

The ASC should ensure that, at a minimum, the organisation safeguards adults at risk by:

- Recognising that adult harm is wrong and that it should not be tolerated;
- Being aware of the signs of harm from abuse, exploitation and neglect;
- Reducing opportunities for harm from abuse, exploitation and neglect to occur; and
- Knowing how and when to report safeguarding concerns to HSC Trusts or the PSNI.

d) The role of the Human Resources Department, overseen by the Head of Human Resources is to:

- Ensure the safe recruitment and induction of all staff and volunteers ensuring all are appropriately vetted in compliance with relevant DfE Circulars, Operational Requirements and Guidelines in accordance with the Safeguarding Vulnerable Groups (NI) Order (2007);
- Ensure implementation of staff disciplinary investigations if any concerns, disclosures or allegations of abuse by a staff member are made;
- Plan, deliver and monitor in partnership with other College departments the appropriate level of training required by all staff, in line with current legislation; and
- Annually review and update Human Resources policies and procedures to reflect safeguarding, care and welfare arrangements in the College.

## **8. Confidentiality**

Confidentiality and trust should be maintained as far as possible, but staff must act on the basis that the safety and welfare of the person is the overriding concern. The degree of confidentiality will be governed by the need to protect the individual and therefore complete confidentiality cannot be guaranteed. It is therefore *crucial* that staff understand and implement the guidelines for Data Protection and information sharing.

## **9. Work Placements or Exchange Visits**

Staff organising any work placements or exchange visits should take the safeguarding, care and welfare of children, young people, adults at risk and adults in need of protection into account when assessing the suitability of the work placement or exchange visit arrangements. Students are more vulnerable to harm or abuse when in long-term placement in the workplace or when outside their normal environment. The College has a duty to put in place additional safeguards as required.

All students on work placement or exchange visits should have a regular point of contact with a member of College staff and be advised that they can discuss with that person any concerns about their work placement or exchange visit. Any concerns raised or any suspicions of abuse must be reported to a member of the Safeguarding Team by staff immediately in line with safeguarding, care and welfare procedures as outlined in this document.

## **10. Responding to a Disclosure**

The College is committed to dealing with any concern(s) that a child, young person, adult at risk of harm or an adult in need of protection in line with Safeguarding, Care and Welfare Policy and procedures.

Anyone with knowledge of or a suspicion that, a child, young person, adult at risk of harm or an adult in need of protection has been suffering abuse must refer their concern to a member of the Safeguarding Team as soon as possible.

All allegations or suspicions must be taken seriously. The child, young person, adult at risk of harm or adult in need of protection must be advised that this information cannot be kept confidential and will be passed on to the designated member of staff in College in the first instance. No promise of confidentiality can or should ever be made to a student or anyone else giving information about possible abuse.

The person disclosing the information should be advised as soon as possible by the Designated Safeguarding Lead what action will be taken as a result of the disclosure. They should also be made aware of the counselling service available to the College.

The College procedure for reporting and dealing with concerns can be found: Gateway>Policies and Procedures>Safeguarding. (Appendix 7)

All written records must be passed to the Designated Safeguarding Lead. Records will be uploaded to the secure safeguarding database managed by the *Designated Safeguarding Lead* and maintained by them for a period of five years. Records are strictly confidential. They may be accessed by the subject of the record but not by any third party other than the aforementioned or the Adult Safeguarding Champion.

In the event that a disclosure is made concerning the activities of a member of staff towards a student, the matter must be referred directly to the Chief Executive.

If any staff member feels unsure about what to do if they have concerns about a child, young person, an adult at risk of harm or an adult in need of protection or if they are unsure about being able to recognise the signs or symptoms of possible abuse, they should speak directly to a member of the Safeguarding Team.

## **11. Dealing with Complaints**

The Risk and Compliance Officer is responsible for dealing with all complaints and compliments for the College. The College Complaints and Compliments Policy is referenced in Appendix 8.

## **12. Equality**

Screening is one of the key tools to enable the College to fulfil its statutory obligations and mainstream the Section 75 equality and good relations duties into policy development. Screening will help to identify policies that are likely to have an impact on equality of opportunity and help to draw considerations of equality of opportunity into the policy making process. *South West College* commits to screening this Safeguarding, Care and Welfare Policy in line with these statutory obligations.

## **13. Monitoring**

This Safeguarding, Care and Welfare Policy will be refreshed as required in line with organisational changes in the College and will be reviewed, at the very least annually, in line with the overarching framework, reflective of current

legislation, as agreed by the FE Colleges Safeguarding Working Group.

Date for review 1/12/2021

## Appendix 4

### Types of Abuse

#### Types of Child Abuse (NSPCC, 2020)

- General signs of abuse -Children experiencing abuse often experience more than one type of abuse over a period of time. Children who experience abuse may be afraid to tell anybody about the abuse. They may struggle with feelings of guilt, shame or confusion – particularly if the abuser is a parent, caregiver or other close family member or friend. Many of the signs that a child is being abused are the same regardless of the type of abuse.
- Physical abuse - when a child is deliberately hurt, causing physical harm. It can involve hitting, kicking, shaking, throwing, poisoning, burning or suffocating. It is also physical abuse if a parent or carer makes up or causes the symptoms of illness in children. For example, they may give them medicine they do not need, making them unwell. This is known as fabricated or induced illness (FII).
- Neglect - is not meeting a child's basic physical and/or psychological needs. This can result in serious damage to their health and development. Neglect may involve a parent or carer not:
  - providing adequate food, clothing or shelter
  - supervising a child or keeping them safe from harm or danger (including leaving them with unsuitable carers)
  - making sure the child receives appropriate health and/or dental care
  - making sure the child receives a suitable education
  - meeting the child's basic emotional needs – this is known as emotional neglect.

Neglect is the most common type of child abuse. It often happens at the same time as other types of abuse.

- Sexual abuse- is forcing or enticing a child to take part in sexual activities. It does not necessarily involve violence and the child may not be aware that what is happening is abuse. Child sexual abuse can involve contact abuse and non-contact abuse.

- Child sexual exploitation (CSE) - is a type of sexual abuse. Young people may be coerced or groomed into exploitative situations and relationships. They may be given things such as gifts, money, drugs, alcohol, status or affection in exchange for taking part in sexual activities.
  
- Harmful sexual behaviour (HSB) - is developmentally inappropriate sexual behaviour which is displayed by children and young people and which may be harmful or abusive. It may also be referred to as sexually harmful behaviour or sexualised behaviour.
  
- Emotional abuse – this may involve:
  - humiliating, putting down or regularly criticising a child
  - shouting at or threatening a child or calling them names
  - mocking a child or making them perform degrading acts
  - constantly blaming or scapegoating a child for things which are not their fault
  - trying to control a child's life and not recognizing their individuality
  - not allowing a child to have friends or develop socially
  - pushing a child too hard or not recognising their limitations
  - manipulating a child
  - exposing a child to distressing events or interactions
  - persistently ignoring a child
  - being cold and emotionally unavailable during interactions with a child
  - not being positive or encouraging to a child or praising their achievements and successes.
  
- Domestic abuse - is any type of controlling, coercive, threatening behaviour, violence or abuse between people who are, or who have been in a relationship, regardless of gender or sexuality. It can include physical, sexual, psychological, emotional or financial abuse. Exposure to domestic abuse is child abuse.
  
- Bullying and cyberbullying - is when individuals or groups seek to harm, intimidate or coerce someone who is perceived to be vulnerable.

## **Types of Adult Abuse (DHSSPS, 2015)**

- Physical abuse - This is the use of physical force or mistreatment of one person by another, which may or may not result in actual physical injury. This may include hitting, pushing, rough handling, exposure to heat or cold, force-feeding, improper administration of medication, denial of treatment, misuse or illegal use of restraint and deprivation of liberty.
- Sexual abuse - This is any behaviour perceived to be of a sexual nature, which is unwanted or takes place without consent or understanding. Sexual violence and abuse can take many forms and may include non-contact sexual activities, such as indecent exposure, stalking, grooming, being made to look at or be involved in the production of sexually abusive material, or being made to watch sexual activities. It may involve physical contact, including but not limited to non-consensual penetrative sexual activities or non-penetrative sexual activities, such as intentional touching (known as groping).
- Psychological / emotional abuse - This is behaviour that is psychologically harmful or inflicts mental distress by threat, humiliation or other verbal/non-verbal conduct. This may include threats, humiliation or ridicule, provoking fear of violence, shouting, yelling and swearing, blaming, controlling, intimidation and coercion.
- Financial abuse - This is actual or attempted theft, fraud or burglary. It is the misappropriation or misuse of money, property, benefits, material goods or other asset transactions which the person did not or could not consent to, or which were invalidated by intimidation, coercion or deception. This may include exploitation, embezzlement, withholding pension or benefits or pressure exerted around wills, property or inheritance.
- Institutional abuse - This is the mistreatment or neglect of an adult by a regime or individuals in settings, which adults who may be at risk, reside in or use. This can occur in any organisation, within and outside the HSC sector. Institutional abuse may occur when the routines, systems and regimes result in poor standards of care, poor practice and behaviours, inflexible regimes and rigid routines, which violate the dignity and human rights of the adults and place them at risk of harm. Institutional abuse may occur within a culture that denies, restricts or curtails privacy, dignity, choice and independence. It involves the collective failure of a service provider or an organisation

to provide safe and appropriate services, and includes a failure to ensure that the necessary preventative and/or protective measures are in place.

- Neglect - Neglect occurs when a person deliberately withholds, or fails to provide, appropriate and adequate care and support which is required by another adult. It may be through a lack of knowledge or awareness, or through a failure to take reasonable action given the information and facts available to them at the time. It may include physical neglect to the extent that health or well-being is impaired, administering too much or too little medication, failure to provide access to appropriate health or social care, withholding the necessities of life, such as adequate nutrition, heating or clothing, or failure to intervene in situations that are dangerous to the person concerned or to others particularly when the person lacks the capacity to assess risk.
- Exploitation - This is the deliberate maltreatment, manipulation or abuse of power and control over another person; to take advantage of another person or situation usually, but not always, for personal gain from using them as a commodity. It may manifest itself in many forms including slavery, servitude, forced or compulsory labour, domestic violence and abuse, sexual violence and abuse, or human trafficking.
